

Today as we have wandered around the park, we have followed pathways, sometimes you might have gone off the main path for a bit of adventure up a hill or into a puddle.

All the time you have stayed near the path to get to where we were going. God says if we trust Him, follow Him and stick to His path for our life He will be with us and bring us joy (have a look at Psalm 16).

Think about all of the choices you make in your day:

Ask God to help you hear Him and make good choices that will follow His path.

Welcome to Muddy Church, a place to enjoy being outside, having fun, wondering and wandering. Here are some things you can do as you walk, or you can run, jump in leaves, chatter...

Find It: (can you spot these things as you walk today?)
