

ADVENTure

The journey would have been difficult, long and hard but God was with them.

Can you imagine writing a postcard for the journey?
What might you say?

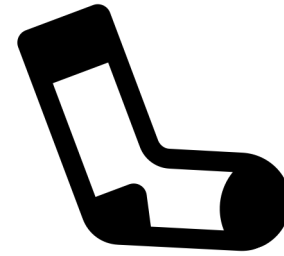

BUILD AN OBSTACLE COURSE

Can you build an obstacle course to travel over and under, round and through?

What can you feel with your feet?
See if you can guess what different things are just by using your feet!

Could you make some puppet characters from the Christmas story out of old socks?
